When we contemplate the Holiness of Mary, she helps us to perceive the beauty of life in grace. Furthermore, we invoke Mary so that we may live in grace.

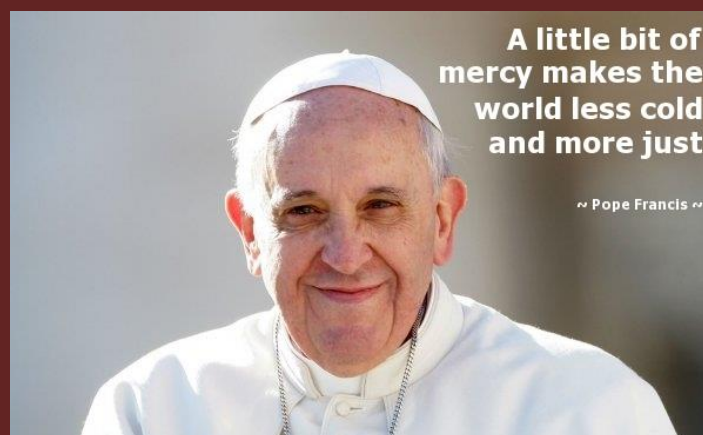

Mary, the Immaculate Virgin, the mother of Jesus, is chosen for her fidelity, her trust and total dedication to love.

Mary is "search" ... She sought in the depths of her soul the profound meaning of God's plan, a silent, patient, ardent and generous search.

Mary is "willingness" ... From her lips we hear "fiat", a total acceptance that will allow the Word to become life in her, to become humanity.

Mary is an example of "constancy, coherence and fidelity". She lived according to what she believed. She is a humble disciple of the Lord who accepts without hesitation and does not betray the will of God.

Let us celebrate this day in prayer, opening our hearts to the action of the Spirit, as Mary did, being merciful, so that He may make our lives fruitful and pour out his love upon us.

Love,
